

Community Partner Update

General Updates:

- 
- As of 9/2/2021, 55% of Livingston County residents have received at least one vaccine dose!
 - The Livingston County Department of Health is **not currently offering COVID-19 vaccination clinics**. Please check with your healthcare provider, local pharmacies or visit <https://flvaccinehub.com>.
 - The U.S. Food and Drug Administration approved the first COVID-19 vaccine which has been known as the Pfizer-BioNTech COVID-19 Vaccine.
 - Pfizer-BioNTech COVID-19 Vaccine will now be marketed as Comirnaty for the prevention of COVID-19 disease in individuals 16 years of age and older.
 - Pfizer-BioNTech COVID-19 Vaccine also continues to be available under emergency use authorization (EUA), including for individuals 12 through 15 years of age and for the administration of a third dose in certain immunocompromised individuals.
 - **Third doses of the Pfizer or Moderna vaccine are now being offered to individuals who have moderate to severe immunocompromise.**
 - Beginning September 20, **anyone** who is at least eight months out from their second dose of these vaccines will become eligible for an additional dose.

Protect Yourself and Others:

- 
- **Get a COVID-19 shot if you are 12 years of age and older.**
 - Those who are **not fully vaccinated** and aged 2 or older should **wear a mask in indoor public places**.
 - **Stay 6 feet away** from those who don't live in your household.
 - **Avoid crowds and poorly ventilated spaces indoor public places.**
 - **Wash your hands** with soap and water often.
 - **Cover coughs and sneezes.**
 - **Stay home when you are sick.**
 - **Clean and disinfect** things that you touch a lot like doorknobs, phones, toilets, faucets, and sinks.
 - **Cover your cough or sneeze** with a tissue, then throw the tissue in the trash can.
 - **Get a flu shot.** This will not prevent COVID-19 but it will prevent you from getting flu, keeping you healthy and out of the hospital.
